

# The Gap

AS OUR SCIENTISTS DISCOVERED MANY EONS AGO, MATTER IS MOSTLY EMPTY SPACE. BETWEEN ANY TWO PARTICLES THERE IS AN ENORMOUS GAP IN WHICH THERE IS NOTHING INTERESTING TO BE FOUND. THESE STORES APPEAR TO MODEL THAT CONDITION.

Each clue on the right-hand side of the page yields a four-letter answer. Write this answer in the spaces to the clue's left. Each clue on the left-hand side of the page also solves to a four-letter answer. Write these answers in remaining spaces; which answer goes in which slot is for you to determine.

Running vertically between the two sets of answers is The Gap. When the answers are correctly placed, each space in The Gap can be filled with a letter to form a nine-letter word. Your location will be indicated by the letters in The Gap.
