

The Return of the King?

Well, that certainly didn't go as hoped. Far from finding information that would save him, your research has painted a very dark picture of Elvis indeed. With a heavy heart, you call the chairman of the Hall of Fame committee, explain what you've found, and ask which of these dreadful misdeeds Elvis is being kicked out for.

To your surprise, he laughs. "Don't be ridiculous — if everyone who's committed these sorts of minor peccadillos were kicked out, this place would be empty by now! No, we suspect Mr. Costello of something far more serious, something truly unacceptable in the Rock and Roll Hall of Fame. I'm sure you can figure it out if you dig a little deeper."

Complete the diagram below by entering the names of the five albums, and the answers to the five puzzles, in the correct boxes. Each *solid* arrow joins the name of an album with the answer from that album's song puzzle. Each *dotted* arrow joins a puzzle answer to a different, especially appropriate, album title. One album has been filled in to get you started.

Proceed until you've filled all the boxes. When you're finished, the indicated letters, starting from the bold arrow and proceeding clockwise, will spell out Elvis's truly inexcusable (alleged) transgression.

What is Elvis suspected of? _____

This is indeed serious. But could Elvis really be guilty of such a thing? You scan the papers carefully, searching for proof. To your dismay, there it is, staring you in the face: practically a confession in Elvis' own words.

You've found (or, technically, failed to find) incontrovertible, albeit scrambled, evidence of his wrongdoing.

Write down these pieces of evidence below:

As you stare at the proof in despair, you suddenly see a glimmer of hope! Maybe Elvis can find his way back into the Hall after all! Order the pieces of evidence chronologically by the release dates of the albums where you found them, then take the first letters of each and shift them two spaces forward in the alphabet to answer one final question:

If Elvis hopes to get reinstated, where should he go now? _____
