

Adjust a Minute!

by NeilFred Picciotto (Renfield)

Each player gets a word and some stickers, all the same color. Change your word to another word by applying a sticker. Repeat.

But – never apply your own sticker to your own sheet (stickers of your own color are fine, just not your own stickers). And of course, use at most one sticker from each other person.

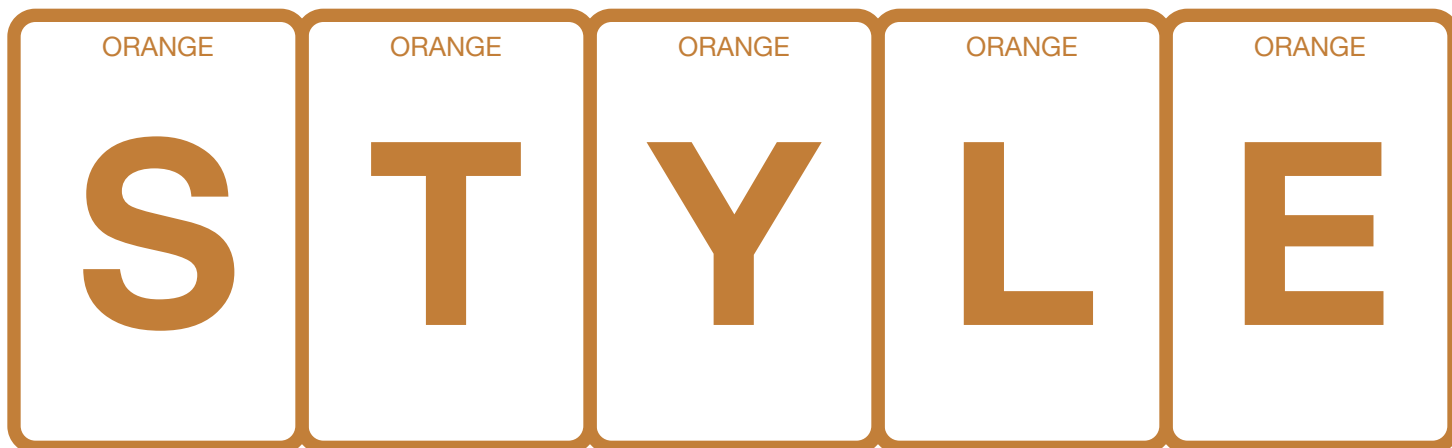

Try to cover up all of your original letters. Record your word ladder in the spaces to the right.

Score:

- +1 point per word (including the original)
- +1 bonus point per word whose letters are **all different colors** from each other
- 1 point per letter of your original word that never got covered up
- 1 point per unused sticker

Adjust a Minute!

by NeilFred Picciotto (Renfield)

Each player gets a word and some stickers, all the same color. Change your word to another word by applying a sticker. Repeat.

But – never apply your own sticker to your own sheet (stickers of your own color are fine, just not your own stickers). And of course, use at most one sticker from each other person.

Try to cover up all of your original letters. Record your word ladder in the spaces to the right.

Score:

- +1 point per word (including the original)
- +1 bonus point per word whose letters are **all different colors** from each other
- 1 point per letter of your original word that never got covered up
- 1 point per unused sticker
